**Boat tour on the lake – unique experiences**

I will show you around the lake of Catemaco with its islands, rainforest, waterfalls and rivers.

I have my own boat and I am captain with a great passion for my region and my lake, it inspires me every day, it gives me energy and good vibes.

In safe hands to experience the best the region can offer.

**Juan Luis, boatman.**

**“Los Tuxtlas” – space with future**

I work in environmental protection, with a lot of enthusiasm and I will inform you about my projects.

We will meet on the first day of the “Ruta del Café” to have dinner in the “Casa de los Tesoros”.

I offer you a surprise menu and a picturesque view on the main square of Catemaco with typical tropical Mexican life.

“Together we can achieve a lot .....
