“strong people

—

coffee with character”

+ + + + +

Based in the strength of our producers of highland coffee in the Sierra Santa Marta and, close to the lake of Catemaco, in Benito Juárez, we produce high quality coffee which is partly exported to Europe.

From the tree nurseries to the coffee plantations, as well as in processing and packing, we work attentively in order to ensure the quality.

+ + + + +

My colleagues will take you to get to know the cultivation of coffee in the community Benito Juárez where you can roast your own coffee and bake bread to accompany it.

Welcome to all the lovers of excellent coffee, produced in Los Tuxtlas.

+ + + + +

“An unforgettable experience.....”
